

Statement: Attacks in Sri Lanka, Monday 22nd April 2019

As we draw a close to the Easter Weekend this year, a sacred occasion in the calendar for the Christian Community worldwide, it is shocking to witness the tragic attacks in Colombo, Sri-Lanka which took the lives of close to 300 people and injured a further 500. We completely denounce this evil act that deliberately targeted those who were celebrating Easter Sunday and all such ideologies that are rooted in hatred and contempt for others.

The community of Harrow Central Mosque stand in solidarity with the families of those affected in the attacks in Sri Lanka. Our thoughts remain with all of our fellow Christian communities around the world and here in Harrow during this difficult time. Whilst these attacks were perpetrated in an attempt to divide us, we stand in resilience knowing that these attempts will only make our commitment to everlasting peace stronger.
