4.1. Membership Criteria

4.1.1. As per the constitution membership is open to any person who:

- is aged 18 years or over on the application date for membership

- If a member ceases to reside in the required area, his/her membership will automatically terminate when he/she leaves the area.

4.1.3. Implicit in the Membership criteria is also general compliance on matters of English law; requiring, amongst other things, members:

- to be legally entitled to reside in the United Kingdom
- "do not promote or support terrorism or extremism, or other illegal Conduct, such as racial or religious hatred. Nor have any affiliation to any group that harbours such view"¹

4.1.4. By extension, in preserving the primary and core interests of the charity, HCM will actively seek to prevent the promoting of controversial views which adversely impact the repute of the mosque and its community. Charity Commission Guidance seeks to elaborate on this:

"Expressing strongly controversial or partisan views is not illegal or unacceptable under charity law in itself, unless they are criminal. However, whether they are unacceptable for a charity to promote or condone under charity law will depend on the circumstances, what is said, when, who to and why, as well as how, if at all, they can be said to further the charity's purposes.

Trustees must not allow the charity to be used as a vehicle for the expression of the political views of any individual trustee or staff member (in this context this means personal or party political views) or as a vehicle for the expression of extremist, radicalising or other views which promote or support terrorism.

The trustees must be able to show that an activity is in furtherance of the charity's purposes. Even

if this can be shown, expressing or promoting extreme, partisan or controversial views on a particular issue as part of that activity may compromise the charity's integrity, purposes or public trust and confidence in it.
