Harrow Central Masjid Madrassa Overview

Harrow Central Masjid Madrassa is proud to serve 554 registered students, focusing on nurturing Islamic knowledge and fostering self-esteem among the next generation of Muslims. Our goal is to provide a holistic education that not only enriches the minds of our students but also strengthens their connection to Allah Most High and the wider community.

Our dedicated team of volunteers plays a vital role in supporting the administration and smooth operation of the Madrassa. We continuously strive to improve attendance and engagement, ensuring every student benefits fully from our programs.

This year, we have introduced several initiatives to enhance the student experience and strengthen the Madrassa's role within the Masjid community. A successful Madrassa Open Day allowed parents to observe their children's classes and witness the positive learning environment we foster. Additionally, our internal Madrassa assembly provided students with an opportunity to reflect on Islamic values, celebrate achievements, and strengthen their collective identity and confidence.

We are also delighted to see our students actively participating in Masjid events, further deepening their connection to the community and their understanding of Islamic practices. These initiatives are part of our broader aim to instill a sense of responsibility, belonging, and confidence in every student. With Allah Most High's guidance, we look forward to continuing to develop our curriculum, improving attendance, and creating more opportunities for students to grow spiritually and emotionally.

We remain committed to nurturing a generation that is rooted in Islamic principles and empowered to contribute positively to society. May Allah Most High bless our efforts and grant success to our students, staff, families and volunteers. Ameen.
